County Executive

The Orange County Partners for Children, Youth and Families is an integrated county-wide planning and service initiative with community stakeholders representing human services agencies, educational institutions, county government, non-profit community based organizations, faith based entities, business, and the children, youth and families of Orange County.

Our Partners provide training, technical assistance, outreach, and advocacy for the benefit of the community.

We promote positive youth development and the 40 Developmental Assets identified by the Search Institute and encapsulated in the following principles:

- Support*
- Empowerment*
- Boundaries and Expectations*
- Constructive Use of Time*
- Commitment to Learning*
- Positive Values*
- Social Competencies*
- Positive Identity*

Our Goal

A community in which all of the people are Learning, Working, Thriving, Connecting, Leading and/or Contributing

The vision is clear – all youth ready – for college, work and life; every community and family supportive; and every leader inspired and equipped to make a difference.
