Mr. Luján stated that he recalled this was a big discussion last year. He is a big supporter and believes it brings a lot of revenue. He wants to see film succeed in Orange County and have the resources it needs in order to continue.

Mr. Minuta commented that this is something he would embrace within the county. We need more of this. The art industry funds and fuels so many things and you see communities grow from those artistic endeavors and hopefully we'll see this prosper.

Mr. Cheney stated that this week in the Village of Warwick they were filming a pilot for Netflix. They were there for the day and spent a good deal of money. He felt this was a good first step, it is important to keep the Film Office viable. The Film Office is going to benefit by being within Tourism because there are four or five employees in Tourism that will be able to help support the efforts of this office. He sees this as a first step, and they will be monitoring it.

Chairman Brescia pointed out that they did hear about a lot of the amenities that come with film. He believed this office will more than pay for itself and branch out and help with other agencies.

We still do not know if there are future health risks. He thanked the Legislature for supporting this resolution.

Chairman Brescia stated that there was a presentation by the Board of Elections yesterday with respect to the equipment for early voting and it was an impressive presentation.

Mr. Amo stated that they have talked about the fentanyl problem and they were able to get the topic on the NYSAC Health and Public Health Committee to have it discussed. One of the recommendations was for NYSAC to form a special group to follow the work on it. He just received notification that Steve Acquario approved the formation of a Synthetic Drug Work Group. He hoped that they will recommend to Orange County to recommend to Mr. Acquario who should be on that committee because Orange County started it and he felt we should have a seat on the committee. It will be a state-wide effort.

Mr. Sassi reminded everyone that the April meeting is Youth in Government which is a morning meeting. It is an important year for Youth in Government because it is the 75th Anniversary. There will be students from all the school districts attending. He hoped that everyone was able to make it and make it to the luncheon that follows the meeting. The kids are always excited to sit with a law-maker.

Ms. Stegenga mentioned that she and Legislator Ruszkiewicz were at the NACO Convention over the weekend and pointed out that there was a lot of talk about the opioids. It is not just here, it is everywhere. They shared with them the resolution that Orange County passed and there was a lot of networking going on. She was happy to share the information and once she puts packets together we can see what they are doing, what they are projecting and how the federal government is looking into different avenues to make fentanyl illegal, so there is no way to alter the drugs.

Mr. O'Donnell congratulated Mr. Sassi on all the work he has done with Youth in Government Day and all his years as a teacher. He has always done a wonderful job with this and with it being the 75th anniversary, he didn't think he missed a single one.

Mr. Sassi joked that he will be here for the 100th anniversary too.

Mr. Faggione shared that the Rules, Enactments and Intergovernmental Relations Committee will convene the public hearing on the Comprehensive Plan of Orange County. The first session was in Newburgh and the second session will be Wednesday, March 20th at 5:00 p.m. in the Legislative Chambers. It is open to the public and they will also accept written comment.

On motion of Mr. Anagnostakis, seconded by Mr. Vero, the Legislature adjourned at 7:56 p.m.

ADJOURNED.

Jean M. Ramppen, Clerk
