Permit Modification/Extension

Dear Permittee:

The New York Department of Environmental Conservation (DEC) has reviewed your letter received by this office on October 17, 2018, to extend the expiration date of the above referenced permit. The original permit expired on December 31, 2016 and was extended to December 31, 2018, on December 2, 2016.

Due to budgetary reasons, work has not yet begun. The County has now obtained the necessary funding approvals to commence the project. This extension will involve no change to the original permit. In accordance with this request, the above referenced permit is hereby modified to extend the **expiration date to December 31, 2019.**

All other terms and conditions remain as written in the original permit with an effective date of December 18, 2013.

Please attach this modification to the front of your permit. A new permit sign is enclosed. If there are any questions, please feel free to contact my staff member Sarah Pawliczak at 845-256-3050 or by email at sarah.pawliczak@dec.ny.gov.

Respectfully,

Rebecca Crist
