CIVILIAN TACTICAL HANDGUN TRAINING

We're not just going to teach you how to shoot...we'll teach you how to win the gun fight!

Concealed Carry with Confidence

The Orange County Sheriff's Office *Civilian Tactical Handgun Training* (CTHT) prepares law abiding citizens for safe and responsible gun ownership and Concealed Carry.

Students receive hands-on instruction from qualified Firearms Instructors, using lecture style presentations, and Simunition training handguns, all in a comfortable and friendly environment.

The multi-phase training aids citizens new to gun ownership with progression from training handguns to live fire and with development of a personal self-defense plan, incorporating defensive shooting skills, situational awareness, and mental and tactical techniques necessary for survival in real-world hostile encounters.

With the exception of taking the Handgun Safety Course for Pistol Permit Application, the program is not intended for those with Law Enforcement or Military training.
