PREPARING TO MAKE A REQUEST TO CONNECT WITH AN OCCSI PROVIDER

Meet with Individual and/or Family to Discuss

- OCCSI is a Choice; There are Other Providers
- Benefits- Training, Enhanced CH, Networking Opportunities, Increased Accountability
- Workforce Challenges- There are No Staff Waiting to Be Matched
- CH (skill building) vs. Respite (supervision) - Families still get “A Break” When CH Is Provided. □ Data Collected from The Profile
- Option For Provider Preference and/or Exclusion
- Realistic Expectations- Preference for Type of Staff, Environmental Concerns, Etc. that Could Complicate or Prevent Service Delivery
- “Right- Size” the Hours and Service(s) Authorized- Hours Should be Realistic and Not Exceed Availability- Alternatively, There Must Be Enough Hours (CH) For Skill Building

If they choose OCCSI, obtain a signed OCCSI Authorization for Release of Information form with all fields entered correctly including box 10 plus 11 & 12 (if applicable). Box #10 is used to indicate the date of Authorization of Release expires. It provides a choice to either indicate a specific date or indicate “until written notification is provided” to the County DMH. Choosing the later will eliminate the need for annual authorization. Consent can be withdrawn at any time. Do not indicate provider preference or exclusion of providers on the Authorization form. All will have access to view profiles on the portal.

Supporting documentation will only be given to a provider that is looking to match staff.

Making an OCCSI Referral is a Two Step Process

Submit the Supporting Documentation, then Complete the Profile on the Portal

There are four units in one hour.

$780 \text{ Annual Hours} \times 4 = 3,100 \text{ Annual Units}$

To Convert 780 Annual Hours to Hours per Week:

$780 \div 52 = 15$ Convert 15 Hours per Week to Units per

Week: $15 \times 4 \text{ Units} = 60$ Convert 60 Units Per Week to

Annual Units: $60 \times 52 = 3,100$.
