

Prescription Delivery Options

- Walgreens offers drive and delivery of prescriptions. Their website has information on how to sign up for delivery. There is also an option for a limited number of groceries and supplies to be purchased through the drive up window.
- CVS Beginning immediately, CVS Pharmacy will waive charges for home delivery of prescription medications, which will help patients avoid visiting their local CVS Pharmacy for refills or new prescriptions.
- PillPack by Amazon pharmacy Co-pay for meds only no extra charge for shipping.
