

In order to promote increased use of the COVID - 19 vaccine, the Office of Mental Health, (OMH), and the Office of Addiction Services And Supports, (OASAS), are offering weekly webex presentations specifically designed for people receiving services. There will be a robust question and answer session for participants to ask questions of the expert panelists. Please encourage service recipients and staff who have not been vaccinated to attend these educational seminars. Vaccinated staff and service recipients are also encouraged to join and can reinforce and share the information with those who are still unsure about getting vaccinated. American Sign Language interpretation will be available for all sessions.

Wednesday April 7, 3:30pm-5:00pm
