PROGRAM DESCRIPTION

The purpose of the Emergency Solutions Grants (ESG) program is to assist individuals and families quickly regain stability in permanent housing after experiencing a housing crisis or homelessness. ESG provides grants by formula to states, metropolitan cities, urban counties and U.S. territories to support homelessness prevention, emergency shelter and related services. The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) amended the McKinney-Vento Homeless Assistance Act, revising the Emergency Shelter Grants Program in significant ways and renaming it the Emergency Solutions Grants (ESG) program. The ESG Interim Rule took effect on January 4, 2012. The second allocation of FY 2011 ESG funding and future years are all subject to the ESG regulations. The first allocation of FY 2011 ESG funding and prior years are subject to the Emergency Shelter Grants Program regulations. ESG funds may be used for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and HMIS. There are no administrative funds available.

PROGRAM GOALS

The County of Orange Program Goals are concurrent with those stated in the Homeless Definitions and Identifications and in the 2020-2024 5 Year Consolidated Plan. The county funds organizations who exemplify the capacity to benefit very low, low, and moderate-income persons within the County of Orange with goals to:

1. Engage homeless individuals and families living on the street;
2. Improve the number and quality of emergency shelters for homeless individuals and families;
3. Assist in the operation of emergency shelters;
4. Provide essential services to shelter residents;
5. Rapidly re-house homeless individuals and families; and

6. Prevent families and individuals from becoming homeless.

ELIGIBLE ACTIVITIES & OTHER REQUIREMENTS

1. Emergency Solutions Grant applications must be for **ONE** of the following activities:

ESG funds may be used for five program components:

- Street outreach
- Emergency shelter
- Homelessness Prevention
- Rapid Re-housing Assistance
- HMIS

For detailed descriptions of each component and eligible activities under each, please refer to the Appendix at the end of this document.

Organizations may submit more than one application for each year of funding. For example, an organization can submit for 2020 funding, one application for emergency shelter, one application for rapid rehousing, and one application for street outreach. They can also then for 2021 funding, one application for emergency shelter, one application for rapid rehousing, and one application for street outreach.

Orange County anticipates receiving an ESG entitlement each year of \$150,000 for 2022, 2023, and 2024. The County retains 7.5% of the annual entitlement for administration. No more than 60% of the County's ESG entitlement can be used for street outreach and emergency shelter. If the full 60% is used for street outreach and emergency shelter, then 32.5% of Orange County's ESG entitlement must be used for rapid rehousing, rental assistance, homelessness prevention, and/or housing stabilization services.

2. All Emergency Solutions Grant funds must be matched dollar for dollar. This source of match must be indicated on the application. Match can be secured through volunteer hours or salary paid to staff to carry out program, fair market value of donated material or building, or value of any lease on a building.

3. All Emergency Solutions Grant funds must be expended within 24 months from the date of the grant award by HUD.

4. Activities must comply with HUD's standards on participation, data collection, and reporting under a local HMIS. All subgrantees must enter information into HMIS or a comparable database.

For the purposes of this section, the term “unsheltered homeless people” means individuals and families who qualify as homeless under paragraph (1)(i) of the “homeless” definition under § 576.2. The eligible costs and requirements for essential services consist of:

(1) *Engagement.* The costs of activities to locate, identify, and build relationships with unsheltered homeless people and engage them for the purpose of providing immediate support, intervention, and connections with homeless assistance programs and/or mainstream social services and housing programs. These activities consist of making an initial assessment of needs and eligibility; providing crisis counseling; addressing urgent physical needs, such as providing meals, blankets, clothes, or toiletries; and actively connecting and providing information and referrals to programs targeted to homeless people and mainstream social services and housing programs, including emergency shelter, transitional housing, community-based services, permanent supportive housing, and rapid re-housing programs. Eligible costs include the cell phone costs of outreach workers during the performance of these activities.

(2) *Case management.* The cost of assessing housing and service needs, arranging, coordinating, and monitoring the delivery of individualized services to meet the needs of the program participant. Eligible services and activities are as follows: using the centralized or coordinated assessment system as required under § 576.400(d); conducting the initial evaluation required under § 576.401(a), including verifying and documenting eligibility; counseling; developing, securing and coordinating services; obtaining Federal, State, and local benefits; monitoring and evaluating program participant progress; providing information and referrals to other providers; and developing an individualized housing and service plan, including planning a path to permanent housing stability. (3) *Emergency health services.* (i) Eligible costs are for the direct outpatient treatment of medical conditions and are provided by licensed medical professionals operating in community-based settings, including streets, parks, and other places where unsheltered homeless people are living. (ii) ESG funds may be used only for these services to the extent that other appropriate health services are inaccessible or unavailable within the area. (4) *Emergency mental health services.*

(i) Eligible costs are the direct outpatient treatment by licensed professionals of mental health conditions operating in community-based settings, including streets, parks, and other places where unsheltered people are living. (ii) ESG funds may be used only for these services to the extent that other appropriate mental health services are inaccessible or unavailable within the community. (iii) Mental health services are the application of therapeutic processes to personal, family, situational, or occupational problems in order to bring about positive resolution of the problem or improved individual or family functioning or circumstances.

(iv) Eligible treatment consists of crisis interventions, the prescription of psychotropic

medications, explanation about the use and management of medications, and combinations of therapeutic approaches to address multiple problems.

(5) *Transportation.* The transportation costs of travel by outreach workers, social workers, medical professionals, or other service providers are eligible, provided that this travel takes place during the provision of services eligible under this section. The costs of transporting unsheltered people to emergency shelters or other service facilities are also eligible. These costs include the following:

The term *victim services* means services that assist program participants who are victims of domestic violence, dating violence, sexual assault, or stalking, including services offered by rape crisis centers and domestic violence shelters, and other organizations with a documented history of effective work concerning domestic violence, dating violence, sexual assault, or stalking.

(b) *Minimum period of use.* The recipient or subrecipient must provide services to homeless individuals and families for at least the period during which ESG funds are provided.

(c) *Maintenance of effort.* (1) If the recipient or subrecipient is a unit of general purpose local government, its ESG funds cannot be used to replace funds the local government provided for street outreach and emergency shelter services during the immediately preceding 12-month period, unless HUD determines that the unit of general purpose local government is in a severe financial deficit. (2) Upon the recipient's request, HUD will determine whether the unit of general purpose local government is in a severe financial deficit, based on the recipient's demonstration of each of the following:

- (i) The average poverty rate in the unit of general purpose local government's jurisdiction was equal to or greater than 125 percent of the average national poverty rate, during the calendar year for which the most recent data are available, as determined according to information from the U.S. Census Bureau.

(4) *Assistance required under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA).* Eligible costs are the costs of providing URA assistance under § 576.408, including relocation payments and other assistance to persons displaced by a project assisted with ESG funds. Persons that receive URA assistance are not considered "program participants" for the purposes of this part, and relocation payments and other URA assistance are not considered "rental assistance" or "housing relocation and stabilization services" for the purposes of this part. (b) *Prohibition against involuntary family separation.* The age, of a child under age 18 must not be used as a basis for denying any family's admission to an emergency shelter that uses Emergency Solutions Grant (ESG) funding or services and provides shelter to families with children under age 18. (c) *Minimum period of use.* (1) *Renovated buildings.* Each building renovated with ESG funds must be maintained as a shelter for homeless individuals and families for not less than a period of 3 or 10 years, depending on the type of renovation and the value of the building. The "value of the building" is the reasonable monetary value assigned to the building, such as the value assigned by an independent real estate appraiser. The minimum use period must begin on the date the building is first occupied by a homeless individual or family after the completed renovation. A minimum period of use of 10 years, required for major rehabilitation and conversion, must be enforced by a recorded deed or use restriction.

(i) *Major rehabilitation.* If the rehabilitation cost of an emergency of the building before rehabilitation, the minimum period of use is 10 years.

(ii) *Conversion.* If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the minimum period of use is 10 years.

(iii) *Renovation other than major rehabilitation or conversion.* In all other cases where ESG funds are used for renovation, the minimum period of use is 3 years.

(2) *Essential services and shelter operations.* Where the recipient or subrecipient uses ESG funds

solely for essential services or shelter operations, the recipient or subrecipient must provide services or shelter to homeless individuals and families at least for the period during which the ESG funds are provided. The recipient or subrecipient does not need to limit these services or shelter to a particular site or structure, so long as the site or structure serves the same type of persons originally served with the assistance (*e.g.*, families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or serves homeless persons in the same area where the recipient or subrecipient originally provided the services or shelter.

(d) *Maintenance of effort.* The maintenance of effort requirements under § 576.101(c), which apply to the use of ESG funds for essential services related to street outreach, also apply for the use of such funds for essential services related to emergency shelter.

§ 576.103 Homelessness prevention component.

ESG funds may be used to provide housing relocation and stabilization services and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place described in paragraph (1) of the “homeless” definition in § 576.2. This assistance, referred to as homelessness prevention, may be provided to individuals and families who meet the criteria under the “at risk of homelessness” definition, or who meet the criteria in paragraph (2), (3), or (4) of the “homeless” definition in § 576.2 and have an annual income below 30 percent of median family income for the area, as determined by HUD. The costs of homelessness prevention are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant’s current permanent housing or move into other permanent housing and achieve stability in that housing. Homelessness prevention must be provided in accordance with the housing relocation and stabilization services requirements in § 576.105, the short-term and medium-term rental assistance requirements in § 576.106, and the written standards and procedures established under § 576.400.

§ 576.104 Rapid re-housing assistance component.

This assistance, referred to as rapid re-housing assistance, may be provided to program participants who meet the criteria under paragraph (1) of the “homeless” definition in § 576.2 or who meet the criteria under paragraph (4) of the “homeless” definition and live in an emergency shelter or other place described in paragraph (1) of the “homeless” definition. The rapid rehousing assistance must be provided in accordance with the housing relocation and stabilization services requirements in § 576.105, the short- and medium-term rental assistance requirements in § 576.106, and the written standards and procedures established under § 576.400.

§ 576.105 Housing relocation and stabilization services.

(a) *Financial assistance costs.* Subject to the general conditions under § 576.103 and § 576.104, ESG funds may be used to pay housing owners, utility companies, and other third parties for the following costs:

(1) *Rental application fees.* ESG funds may pay for the rental housing application fee that is charged by the owner to all applicants.

(2) *Security deposits.* ESG funds may pay for a security deposit that is equal to no more than 2 months’ rent.

(3) *Last month’s rent.* If necessary to obtain housing for a program participant, the last month’s rent may be paid from ESG funds to the owner of that housing at the time the owner is

paid the security deposit and the first month's rent. This assistance must not exceed one month's rent and must be included in calculating the program participant's total rental assistance, which cannot exceed 24 months during any 3-year period.

(4) *Utility deposits.* ESG funds may pay for a standard utility deposit required by the utility company for all customers for the utilities listed in paragraph (5) of this section.

(5) *Utility payments.* ESG funds may pay for up to 24 months of utility payments per program participant, per service, including up to 6 months of utility payments in arrears, per service. A partial payment of a utility bill counts as one month. This assistance may only be provided if the program participant or a member of the same household has an account in his or her name with a utility company or proof of responsibility to make utility payments. Eligible utility services are gas, electric, water, and sewage. No program participant shall receive more than 24 months of utility assistance within any 3-year period.

(6) *Moving costs.* ESG funds may pay for moving costs, such as truck rental or hiring a moving company. This assistance may include payment of temporary storage fees for up to 3 months, provided that the fees are accrued after the date the program participant begins receiving assistance under paragraph (b) of this section and before the program participant moves into permanent housing. Payment of temporary storage fees in arrears is not eligible.

(b) *Services costs.* Subject to the general restrictions under § 576.103 and § 576.104, ESG funds may be used to pay the costs of providing the following services:

(1) *Housing search and placement.*

(2) *Housing stability case management.* ESG funds may be used to pay cost of assessing, arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability for a program participant who resides in permanent housing or to assist a program participant in overcoming immediate barriers to obtaining housing. This assistance cannot exceed 30 days during the period the program participant is seeking permanent housing and cannot exceed 24 months during the period the program participant is living in permanent housing. Component services and activities consist of:

- (A) Using the centralized or coordinated assessment system as required under § 576.400(d), to evaluate individuals and families applying for or receiving homelessness prevention or rapid re-housing assistance;
- (B) Conducting the initial evaluation required under § 576.401(a), including verifying and documenting eligibility, for individuals and families applying for homelessness prevention or rapid rehousing assistance;
- (C) Counseling;

(H) Conducting re-evaluations required under § 576.401(b).

(3) *Mediation.* ESG funds may pay for mediation between the program participant and the owner or person(s) with whom the program participant is living, provided that the mediation is necessary to prevent the program participant from losing permanent housing in which the program participant currently resides.

(4) *Legal services.* ESG funds may pay for legal services, as set forth in § 576.102(a)(1)(vi), except that the eligible subject matters also include landlord/tenant matters, and the services must be necessary to resolve a legal problem that prohibits the program participant from obtaining permanent housing or will likely result in the program participant losing the permanent housing in which the program participant currently resides.

(5) *Credit repair.* ESG funds may pay for credit counseling and other services necessary to assist program participants with critical skills related to household budgeting, managing money, accessing a free personal credit report, and resolving personal credit problems. This assistance does not include the payment or modification of a debt.

(c) *Maximum amounts and periods of assistance.* The recipient may set a maximum dollar amount that a program participant may receive for each type of financial assistance under paragraph (a) of this section. The recipient may also set a maximum period for which a program participant may receive any of the types of assistance or services under this section. However, except for housing stability case management, the total period for which any program participant may receive the services under paragraph (b) of this section must not exceed 24 months during any 3-year period. The limits on the assistance under this section apply to the total assistance an individual receives, either as an individual or as part of a family.

(d) *Use with other subsidies.* Financial assistance under paragraph (a) of this section cannot be provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments under the URA, during the period of time covered by the URA payments.

§ 576.106 Short-term and medium-term rental assistance.

(a) *General provisions.* Subject to the general conditions under § 576.103 and § 576.104, the recipient or subrecipient may provide a program participant with up to 24 months of rental assistance during any 3-year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this assistance.

(1) Short-term rental assistance is assistance for up to 3 months of rent.

(2) Medium-term rental assistance is assistance for more than 3 months but not more than 24 months of rent.

(3) Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.

(4) Rental assistance may be tenant based or project-based, as set forth in paragraphs (h) and (i) of this section.

(b) *Discretion to set caps and conditions.* Subject to the requirements of this section, the recipient may set a maximum amount or percentage of rental assistance that a program participant may receive, a maximum number of months that a program participant may receive rental assistance, or a maximum number of times that a program participant may receive rental assistance. The recipient may also require program participants to share in the costs of rent.

(c) *Use with other subsidies.* Except for a one-time payment of rental arrears on the tenant's portion of the rental payment, rental assistance cannot be provided to a program participant who

is receiving tenant-based rental assistance or living in a housing unit receiving project-based rental assistance or operating assistance, through other public sources. Rental assistance may not be provided to a program participant who has been provided with replacement housing payments under the URA during the period of time covered by the URA payments.

(d) *Rent restrictions.* (1) Rental assistance cannot be provided unless the rent does not exceed the Fair Market Rent established by HUD, as provided under 24 CFR part 888, and complies with HUD's standard of rent reasonableness, as established under 24 CFR 982.507.

(2) For purposes of calculating rent under this section, the rent shall equal the sum of the total monthly rent for the unit, any fees required for occupancy under the lease (other than late fees and pet fees) and, if the tenant pays separately for utilities, the monthly allowance for utilities (excluding telephone) established by the public housing authority for the area in which the housing is located.

(e) *Rental assistance agreement.* The recipient or subrecipient may make rental assistance payments only to an owner with whom the recipient or subrecipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that, during the term of the agreement, the owner must give the recipient or subrecipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.

(f) *Late payments.* The recipient or subrecipient must make timely payments to each owner in accordance with the rental assistance agreement. The rental assistance agreement must contain the same payment due date, grace period, and late payment penalty requirements as the program participant's lease. The recipient or subrecipient is solely responsible for paying late payment penalties that it incurs with non-ESG funds.

(g) *Lease.* Each program participant receiving rental assistance must have a legally binding, written lease for the rental unit, unless the assistance is solely for rental arrears. The lease must be between the owner and the program participant. Where the assistance is solely for rental arrears, an oral agreement may be accepted in place of a written lease, if the agreement gives the program participant an enforceable leasehold interest under state law and the agreement and rent owed are sufficiently documented by the owner's financial records, rent ledgers, or canceled checks. For program participants living in housing with project-based rental assistance under paragraph (i) of this section, the lease must have an initial term of one year.

(h) *Tenant-based rental assistance.*

(1) A program participant who receives tenant-based rental assistance may select a housing unit in which to live and may move to another unit or building and continue to receive rental assistance, as long as the program participant continues to meet the program requirements.

(2) The recipient may require that all program participants live within a particular area for the period in which the rental assistance is provided.

(3) The rental assistance agreement with the owner must terminate and no further rental assistance payments under that agreement may be made if:

(i) The program participant moves out of the housing unit for which the program participant has a lease;

(ii) The lease terminates and is not renewed; or

(iii) The program participant becomes ineligible to receive ESG rental assistance.

(i) *Project-based rental assistance.* If the recipient or subrecipient identifies a permanent housing unit that meets ESG requirements and becomes available before a program participant is identified to lease the unit, the recipient or subrecipient may enter into a rental assistance agreement with the owner to reserve the unit and subsidize its rent in accordance with the

following requirements:

(1) The rental assistance agreement may cover one or more permanent housing units in the same building. Each unit covered by the rental assistance agreement (“assisted unit”) may only be occupied by program participants, except as provided under paragraph (i)(4) of this section.

(2) The recipient or subrecipient may pay up to 100 percent of the first month’s rent, provided that a program participant signs a lease and moves into the unit before the end of the month for which the first month’s rent is paid. The rent paid before a program participant moves into the unit must not exceed the rent to be charged under the program participant’s lease and must be included when determining that program participant’s total rental assistance.

(3) The recipient or subrecipient may make monthly rental assistance payments only for each whole or partial month an assisted unit is leased to a program participant. When a program participant moves out of an assisted unit, the recipient or subrecipient may pay the next month’s rent, *i.e.*, the first month’s rent for a new program participant, as provided in paragraph (i)(2) of this section.

(4) The program participant’s lease must not condition the term of occupancy to the provision of rental assistance payments. If the program participant is determined ineligible or reaches the maximum number of months over which rental assistance can be provided, the recipient or subrecipient must suspend or terminate the rental assistance payments for the unit. If the payments are suspended, the individual or family may remain in the assisted unit as permitted under the lease, and the recipient or subrecipient may resume payments if the individual or family again becomes eligible and needs further rental assistance. If the payments are terminated, the rental assistance may be transferred to another available unit in the same building, provided that the other unit meets all ESG requirements.

(5) The rental assistance agreement must have an initial term of one year. When a new program participant moves into an assisted unit, the term of the rental assistance agreement may be extended to cover the initial term of the program participant’s lease. If the program participant’s lease is renewed, the rental assistance agreement may be renewed or extended, as needed, up to the maximum number of months for which the program participant remains eligible. However, under no circumstances may the recipient or subrecipient commit ESG funds to be expended beyond the expenditure deadline in § 576.203 or commit funds for a future ESG grant before the grant is awarded.

(j) *Changes in household composition.*

The limits on the assistance under this section apply to the total assistance an individual receives, either as an individual or as part of a family.

- (3) If the subrecipient is a victim services provider or a legal services provider, it may use ESG funds to establish and operate a comparable database that collects client-level data over time (*i.e.*, longitudinal data) and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.
