Quassaick Creek cleanup

Photo provided

The Quassaick Creek Watershed Alliance recently partnered with the Winona Lake Home Owners Association and the City of Newburgh Shade Tree Commission to help clean up the Quassaick Creek and plant trees along its bank. Volunteers recently improved two impoundments of the creek, Muchattoes Lake and Winona Lake, removing years of accumulated rubbish. Other volunteer opportunities for improving the Quassaick Creek are planned in the future. To find out more, contact John Gebhards at gebhards@earthlink.net.
