March 21, 2017

Dear Business Owner,

The Orange County Sheriff's Office is implementing LeadsOnline in an effort to improve the efficiency of the transaction reporting process for area pawnshops, secondhand stores (including precious metals), metal recyclers and law enforcement.

As you may know, LeadsOnline is a web-based, secure Electronic Data Transfer (EDT) service designed by business owners and law enforcement agencies to facilitate the recovery of missing personal property. We believe LeadsOnline's system will provide significant improvements over the current reporting process in Orange County, saving both time and taxpayer dollars.

The Orange County Sheriff's Office asks that you register your store(s) online at [www.leadsonline.com](http://www.leadsonline.com) before May 1, 2017. You are able to register your business as soon as you receive this letter.

Registration takes less than two minutes total. LeadsOnline will then contact you with easy instructions for electronically uploading daily transactions. Uploading is a very simple and secure process taking less than 30 seconds per day, and their service is FREE to you and customers.

We request you provide data back to January 1, 2017 if at all possible and continue reporting daily.

Please contact Sgt. Larry Cottone at 845-291-2923 or LeadsOnline at (800) 286-5388 with any questions you may have.

Thank you in advance for your participation as we work together for the benefit of the citizens of Orange County.

Sincerely,

Sergeant Lawrence Cottone  
Orange County Sheriff's Office
