

Orange County Sewer District No. 1 Construction Procedures

THE BELOW GENERAL NOTES MUST BE INCLUDED ON ALL
PLANS SUBMITTED FOR DEPARTMENT REVIEW:

- i) “All sanitary sewers shall be constructed in accordance with the current Orange County Sewer District No. 1 Main Line Sewer and Building Sewer General Guidelines, Construction Application, Construction Permit Procedures and Standard Details.”

- ii) “The more strict of any requirement, code, rule, regulation and law established by Orange County Sewer District No. 1 or other governmental agency, including but not limited to the Orange County Department of Health, New York State Department of Environmental Conservation, United States Army Corp of Engineers, United States Environmental Protection Agency, United States Occupational Safety and Health Administration and New York State Department of Labor for sanitary sewer size, slope, alignment, materials of construction and appurtenances and methods for excavating, pipe placement, jointing, testing and trench backfilling shall be complied with during all phases of construction.”

- iii) “All sanitary sewer construction shall be in accordance with the plans and specifications that are approved by Orange County Sewer District No. 1. Any deviation from the approved plans and/or specifications shall require review and approval by Orange County Sewer District No. 1. The Contractor shall be responsible to notify the Project Engineer and Orange County Sewer District No. 1 of any planned deviation(s) from the approved plans and/or specifications.”
