

TRAINING BULLETIN

LIGHTWEIGHT CONSTRUCTION SEMINAR

Building construction has become an increasingly more important consideration when deciding what strategy and tactics should be used to fight fires in today's lightweight residential occupancies. This lecture will discuss fire related collapse of engineered wood systems and what preventive measures we can take to protect ourselves.

DATE:

TIME:

LOCATION:

SPEAKER: Joseph T. Berry, Lt. (ret.), FDNY. Lt. Berry is a Contributing Editor for Firehouse Magazine, and has been a featured speaker at several Firehouse EXPOs, with over 31 years of structural firefighting experience in the South Bronx and Manhattan.
