

TRAINING BULLETIN

Hazardous Materials Technician Basic - Refresher

This course is intended to meet the annual refresher requirements for the HazMat Technician. Through a combination of classroom and hands-on activities, the student will demonstrate the required competencies as outlined in 29 CFR 1910.120. Topics include terminology, DOT hazard classes, identifying hazardous materials, PPE, decontamination, detection equipment, and tactical options for dealing with a hazardous materials incident.

Designed For:	Practicing HazMat Technicians
