RESOLUTION NO. OF 2012

RESOLUTION MEMORIALIZING THE SENTIMENTS OF THE ORANGE COUNTY LEGISLATURE TO THE GOVERNOR OF THE STATE OF NEW YORK AND THE NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION REGARDING REVISION OF THE NEW YORK STATE WETLANDS MAPS.

WHEREAS, the New York State Department of Environmental Conservation ("DEC") is in the process of updating wetland maps for the State of New York; and

WHEREAS, upon information and belief the new wetlands maps for all of Orange County are complete and awaiting finalization. The DEC states that the new maps will effectively increase wetlands under its jurisdiction by at least fifty (50%) percent. This will increase the amount of acreage subject to the jurisdiction and regulation of the DEC in Orange County by approximately

16,000 acres. This additional acreage does not include the real property constrained by the 100-foot buffer already regulated by the DEC; and

WHEREAS, the additional lands that DEC seeks to regulate are presently under the jurisdiction and protection of the United States Army Corps of Engineers ("ACOE"). If the DEC is so interested in regulating these lands, the DEC should consider assumption of the ACOE Section 404 Permit program. The federal permit program regulates wetlands on actual field conditions rather than maps which may contain inaccuracies and become outdated. An applicant would then only have to apply to the DEC for a permit rather than both the DEC and the ACOE, thus expediting the permit process; and

WHEREAS, the new wetlands maps will have a significant impact on landowners property rights, business opportunities and economic development, municipal oversight in zoning and planning as well as lowering real property assessments in Orange County; and

WHEREAS, the new DEC wetlands maps and the regulatory requirements that follow, if implemented will place undue financial burdens on landowners who seek to develop their real property for personal or business reasons; and

WHEREAS, the new wetlands maps will further stagnate the New York State economy, especially during these hard times when it is difficult to maintain and/or create job opportunities for the residents of New York State.

NOW, THEREFORE, it is hereby

RESOLVED; the Orange County Legislature urges Governor Andrew M. Cuomo and the New York State Department of Environmental Conservation to reconsider the use of the New York State wetlands maps and, if necessary, assume the United States Army Corps of Engineers' 404 permit program for delineating and regulating wetlands in this State; and it is further

RESOLVED, that the Clerk of this Legislature is hereby directed to send a certified copy of this Resolution to Andrew M. Cuomo, Governor of the State of New York, to each member of the State Senate and Assembly whose districts include all or part of Orange County, to Commissioner Joe Martens, New York State Department of Environmental Conservation, to William Janeway, Regional Director for Region 3, New York State Department of Environmental Conservation and to the Orange County Association of Town Supervisors and Mayors.
