

Community Solar is available to EVERY O&R electric utility ratepayer.

- It is produced locally...serving homes and businesses in each utility zone.
- It will help make our power grid more efficient and resilient.
- It will save you 10% off of your total electric bill...this year and every year...
with no fees and no penalty if you decide to cancel.

“Community Solar allows all county residents to purchase environmentally-friendly renewable energy while receiving real savings on their annual electric costs. We are glad that non-profit Solarize Hudson Valley is available to educate consumers and answer questions.”
—Orange County Department of Planning
