

## How It Works

Nexamp community solar projects near you generate clean, renewable electricity that feeds into the existing electric utility grid.

Sample Utility Bill	
Basic Service Charge	\$24
Delivery Fees	\$36
Supply Costs	\$40
<b>TOTAL</b>	<b>\$100</b>
Community Solar Credits	-\$100*
<b>BALANCE</b>	<b>\$0</b>

nexamp Invoice	
Community Solar Credits	\$100
Guaranteed Discount	10%
<b>TOTAL</b>	<b>\$90</b>

## Invoicing

Community Solar Credits are applied to your utility bill. Nexamp invoices you for these credits at a 10% discount.

\*Credits will vary seasonally, but your allocation is sized to meet nearly all of your annual needs.

## Net Result

You pay \$90 instead of \$100 while supporting a local source of clean energy!
