

## **TRAINING BULLETIN**

### **SCBA / Interior Firefighting Operations (2016ed)**

This course prepares new BEFO graduates to operate as Interior Structural firefighters or in IDLH areas of the fire scene. Students participate in learning events covering firefighter personal protective equipment (PPE), self-contained breathing apparatus donning, doffing and use, SCBA air management and SCBA emergencies, basic firefighter survival techniques, modern fire control methods, building fire search and victim removal techniques, firefighter survival skills, tactical ventilation techniques and basic power saw operation, forcible entry techniques, hose line advancement, vehicle and wildland firefighting theory, vehicle firefighting techniques, coordinated structure fire interior attack and transitional fire attack, and coordinated initial company operations.

Students will receive a NYS FF1 certificate with successful completion of this course.

Students will need the ***IFSTA Essentials of Fire Fighting and Fire Department Operations 6th Edition*** (same book as BEFO / HMFRO).

<b>Designed for:</b>	Firefighters who will operate as Interior or in other IDLH environments under direct supervision of a fire officer
<b>Course length:</b>	50 hours
<b>Prerequisites:</b>	BEFO (2016ed) or Bridge course

**NOTE:** This course requires a **Chief's Training Authorization Letter** to participate.
